Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	Hello No concerns about this being done, but considering we live next door and both my wife and I work from home, any considerations to reduce the impact from the noise would be great. For example, anything that could block the noise, and/or notification of days which would be particularly noisy. This is so we can look into alternative arrangements for example. All the best. Pedro & Martina
