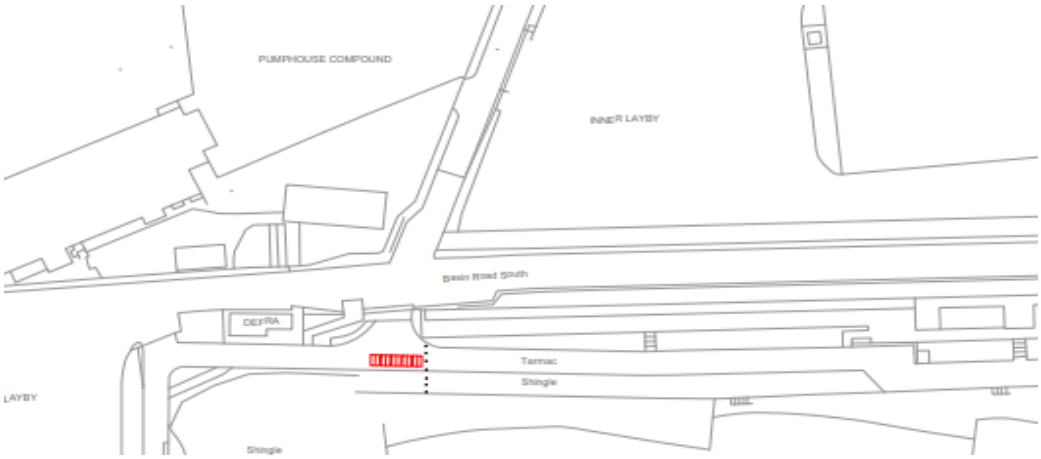
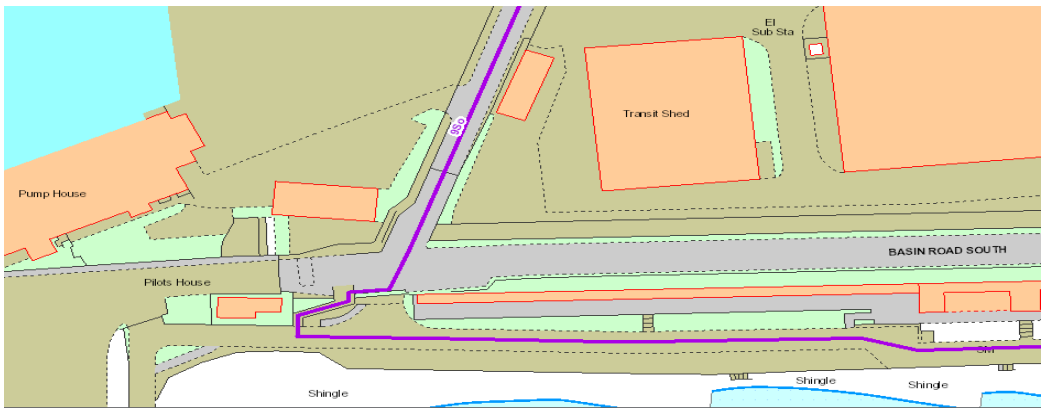
Thank you for the opportunity to comment on the above numbered planning application. This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. In respect to the above planning application I would provide the following comments.

The applicant proposes to construct 5 beach huts on Public Right of Way Footpath 9So.





As the full width of the Footpath must be made available at all times unless a temporary closure or permanent diversion is applied for, we object to this application.
