CONSULTATION DATE: 29/11/2010

RECOMMENDATION:

Advice	X	**Modification**		**More Information**	
Objection		**No Objection**		**Refusal**	

S106 contribution: £ N/A

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals which include up to 5 residential units or extensions to single units accessed from roads that do not form part of the Strategic Road Network (SRN). As such the comments provided by Local Development should be considered to be advice only, with respect to this planning application.

This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. A site visit can be arranged on request.

From an inspection of the plans alone none of the proposed signage is to be erected within the extent of the publicly maintainable highway. The signage would not be anticipated to cause undue distraction to highway users, and would therefore not be anticipated to have a negative impact on highway safety in this location.

Liam Riddy
