Dear Mr Peck,

I refer to your email of 27 March 2024 seeking comments on the above discharge of conditions request.

National Highways was appointed by the Secretary of State for Transport as a strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the Strategic Road Network (SRN). The SRN is a critical national asset and as such we work to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

This application seeks approval for the discharge of conditions 6 (Construction Management Plan), 7, 8 and 9 (Surface Water Drainage Scheme and Watercourse details), 11 (Soft and Hard Landscaping details), and 12 (Schedule of Materials and Finishes) in relation to planning permission AWDM/1802/19.

Of the above conditions, only Condition 6 (Construction Management Plan) was requested by National Highways in our formal response dated 16 December 2019. As such, our comments will only relate to this aspect of the current application.

Having reviewed the above, National Highways would raise no objection to the discharge of conditions under this proposal.

Thank you for consulting with National Highways and please continue to consult on other planning applications via our inbox planningse@nationalhighways.co.uk.

Kind regards,

Matt Lewis (he/him) Assistant Spatial Planner
