Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	The tree concerned has been encroaching on our property for a while and is now fully grown over/onto the roof at the back of the property. This is causing light issues but also is a risk to our property in terms of potential risk of damage. We would ask that the council looks favourably at allowing some of the offshoot trunks, which is producing the branches, to be cut back completely so this creates a long-term solution for all concerned. We have been in conversations with the neighbouring Nursing Home who have been communicative and understanding of the concerns & would like to remedy the situation as much as we do.
