Subject: 39-41 high street, shoreham by sea.west sussex.BN43 5DD

ATT: GARY PECK/ ref AWDM/0054/19

Once again I am putting pen to paper and having to object to the amendment plans put forward by Mr Godanci for his property at 39-41 high street, shoreham.
I do not object to a solid roof with windows opening to the south only. It will be noisy but not intrusive the way any kind of opening in the roof would be.

Therefore I object strongly to the new amendments of having windows in the roof that can be opened , the noise would travel upwards as would the smell of the food.
It would be impossible for the tenant in no 1 to have any kind of peace in his own home with that right outside his window.So , windows , yes , if they are fixed and doubled glazed

I appreciate that Mr Godanci is a business man and therefore wants to enlarge his business and profits but at what cost.? The sewage is already a problem, not to mention rubbish collection,water and parking. I think it is time the residents were taken into consideration and a little respect shown to us and our homes.

Thank you for your time. I object to the amended plans with ref AWDM/0054/19 {amendment to permission reference AWDM1459/14}
