Email:	[redacted]
Address:	88 Harbour Way, Shoreham-By-Sea, West Sussex BN43 5HH

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	My property is directly to the rear of 11 Feversham Close. I have lived in 88 Harbour Way since 2.10.1957. I am aware a similar application was refused in 1990. My living accommodation is to the rear of my property any planning permission would overlook bedrooms and bathroom on the upper level. I have patio doors that are to the rear into my back garden exiting from my lounge and dining room. My back garden is my daily pleasure facing southwards directly toward the sea. The requested planning permission would invade my privacy, block my light and

restrict sunlight to the rear of my property and to my back garden. I have photographs taken from the rear of my house which I can submit by post to show the close proximity of this property to my own. The design and appearance of the extension is not in keeping with the general environment and is over development.
