Address:	The Poplars, Roman Crescent, Southwick Brighton, West Sussex BN42 4TY

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	Yet another application to cut down a perfectly good tree by the owners of 56 The Green - in this case a Poplar tree which we have watched grow since living at our property for nearly 24 years. This tree is close to our boundary and adds character and screening to the landscape and has taken many years to grow. This is a CONSERVATION area!! and the owner has already cut down two other Poplar trees in the garden. The application to cut the Sycamore by 50% is also very excessive, a much less amount is more realistic. This over zealous tree felling/cutting is because the owners are building a new house next to 56 The Green and I'd have thought original planning for that would not have been granted if they realised the owners wanted to eradicate all of these trees. We are very concerned and upset by their requests.
