I am voicing my concern with this application……
at the moment the property is advertised on-line as "an airbnb property……hosted by a business.
Perfect for large groups and events.
Up to 15 guests. Parking for 6 cars."

By extending the property the property I am concerned that there will be even more vehicles
and more beds for even larger groups to stay.
Also advertised is a large outdoor hottub as a draw…..
A party atmosphere encourages extra noise to an otherwise residential area.

I hope my observations can be taken into consideration
