Relevant Planning Policies and Guidance

Adopted West Sussex Structure Plan 2001-2016 (WSCC 2005): DEV4-5

Planning Assessment

Policies
Structure Plan policy DEV4 seeks to ensure development meets the travel needs it generates in a safe and convenient manner. Particularly part (b),(2), (vi) requires that development ensures 'safe and adequate access to the highway network'.

Access
First Avenue is a classified road with large volumes of on-street parking. Many of the properties have recently converted their front gardens to hardstandings served by new dropped kerbs in order to ease the pressure. It is noted that, whilst this small segment of housing on the east side has few dropped kerbs, permission was recently granted for a new dropped kerb at No's 83 and 85. The County Transport Services have raised no concerns over this proposed drop kerb. It is therefore considered that this proposal is acceptable and will not conflict with structure plan policy DEV4-5.
