NOISE MANAGEMENT PLAN

- Children to be supervised in the garden at all times.
- Children not outside before 9.00am.
- Children to not use the outbuilding in the garden.
- Distressed children to be comforted and moved inside to reduce noise impact.
- Childminder and assistant to model behaviour they wish to see. When adult talks quietly it encourages children to do the same.
- Have regular quiet times such as story time.
- Lots of activities set up to engage children and to encourage focused play.
