25 June 2026

Dear Louise,

RE: AWDM/0718/26 - Multi Storey Car Park High Street Worthing West Sussex.

Thank you for your consultation on the above site. We have reviewed the application as the drainage consultant acting on behalf of the Council and wish to make the following comments.

The applicant is applying to vary condition 1 (Approved plans) of application AWDM/0125/26. Amendments include a change to the site area and methodology to include some areas of open cut trenching alongside horizontal directional drilling ORIGINAL DESCRIPTION - Extension to buried pipework and associated equipment to connect to the district heat network. The pipework will run underground along High St, through Steyne Gardens and east and west along the promenade to connect the energy centre with Splashpoint and Pavilion Theatre. The application is to Worthing Borough Council.

Following a review of the submitted information, we note that West Sussex County Council have previously provided flood risk and drainage comments on the proposed development. Therefore, we would recommend they are consulted and continue to provide any further comments regarding this application.

Yours sincerely,

Sustainable Water Management Officer
