Address: 20 Kings Crescent, Shoreham-By-Sea, West Sussex BN43 5LE

Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Highway Access and Parking
- Overdevelopment
- Privacy Light and Noise
- Trees and Landscaping

Comments: Absolutely fed up finding myself having to write for the third time in objection to the proposed revised development. I live opposite no. 29 and cannot see how this possible development could be permitted as there are already cars continually parked on the road either side of the yellow lines. This is a very busy road and a blind corner spot for members of the public heading for Widewater. The development would be overbearing, causing serious loss of privacy and light for the occupant of no. 31. I am presently looking over an open green area with plants and trees, I do not wish to look out onto a three storey property squeezed into this space! I reiterate, this is the third time a planning application has been madem already refused twice, surely the message already given is that this is one development too many! Keep the beach green as it should be! Stop overdevelopment!
