Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Other
Comments:	I am very supportive of the refreshment rooms which has done a lot of good for the local community. My family and I are regular customers. The only aspect of the application I object to is the TV. In my opinion this will lead

to whooping and cheering as inevitable sports matches will be shown. This is antisocial for everyone who does not want to watch the tv in the refreshment rooms and will disturb the neighbourhood.
