SUBJECT:	AWDM/0710/24 Approval of Details Reserved by Condition 15 (Travel Plan) of Application AWDM/0805/20.
DATE OF SITE VISIT:	n/a
RECOMMENDATION:	Modification

The following comments are provided on the submitted travel plan and should be incorporated into the travel plan.

Targets

The headline target for the Travel Plan should be to achieve a 12-hour weekday vehicle trip rate that is 15% (urban sites) lower than that predicted for the site in the Transport Assessment assuming a Travel Plan were not implemented. This trip rate should be achieved within 5 years and sustained for the 5-year monitoring period. The Travel Plan should clearly state the number of trips expected between 7am and 7pm on a typical weekday (as should appear in the TA) and also the target number of trips (i.e. TA –15%).

easitNETWORK

For sites in Adur & Worthing, Chichester, Crawley, and Mid Sussex (East Grinstead & Haywards Heath): The easitNETWORK is a business-led network which provides sustainable travel solutions to local employers. Member employers can access a number of incentives including 15% on Southern rail services, discounted bus travel, and a car sharing scheme.

Enforcement

The Travel Plan should include provision for enforcement action that would be taken in the event that the 5-year target is not met.
