Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise
Comments:	Though we do not object to the application, we do have great concerns about the amount of Noise and disturbance that we will have to endur whilst this work is carried out. There has been work carried out at this property before and there has been no consideration to the effect that the amount of noise has on the surrounding neighbours. Will there be any restriction on the hours of work, especially at weekends and starting and finishing times?
