Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I wish to object to the proposed development at 25 Oaksheath Gardens. The proposed structure would have a significant adverse impact on the amount of natural daylight and sunlight received by my property at 27 Oaksheath Gardens. Due to its height, depth, proximity & pitched roof of the development would result in substantial overshadowing of both my garden and key habitable rooms within my home. This loss of light would materially reduce my enjoyment of my property and negatively affect living conditions. I ask that the planning authority carefully consider the impact on neighboring amenity and refuse the application.

Kind regards

S
