Hello,

Hilary Stirling [redacted] has sent you a Planning enquiry from the Adur & Worthing Councils website. The page they sent the message from was:

http://www.adur-worthing.gov.uk/planning/applications/comment/

Account / Reference number (if supplied): AWDM/0329/22.
Postal address (if supplied):
Contact telephone (if supplied): [redacted]

Their enquiry was:

I have tried to make my comments regarding the plans for 12 The Meadway, BN43 5RP. The site reports an error. Having seen the re-design at the Council Offices, I comment further:
1 The design continues to be out of keeping with the beach area. It is urban/industrial and dominates the road. It is the highest in an area which historically was known as as 'Bungalow Town'
2. The design is industrial and fortress-like with it's zinc roof and front, round staircase feature in an area renowned for its light and proximity to the conservation beach.
3. The 2-car parking space removes valuable street parking and is unrealistic as car 1 on the west will not be able to open
the doors. 2 cars will fill the front garden and hinder access to the front door.
The Council and the owners should be aware that a pear tree in the rear west garden has an infestation of the dangerous 'oak processionary poisonous moth caterpillar.' It can cause irritation and is dangerous to animals and children.

Please reply to this email.

Thank you.
