Dear Mr Barnett

Your ref: ADC/0116/11 dated 6th April 2011

I am joint-owner of 52 Hawkins Road and write on behalf of both owners. Your departments letter gives no reason or cause for seeking an extension to delivery hours and related matters. Why not? I find this completely unacceptable. If Next wish to extend delivery hours they should as first movers of the proposition be obliged to inform their neighbours why they wish to do so!

The existing delivery hours for the former owners of the site should not under any circumstances be extended.

Messrs TESCO and M&S adjoining the site do sell perishable goods. Next do not sell perishable goods.

So why do Next need longer delivery hours than TESCO/M&S? And why have they failed to disclose and make public their commercial interests in extending their facility for deliveries of essentially non-perishable goods? Who benefits from this failure to disclose and make public?

We already experience to much noise from the traffic on the bypass, we do not need more noise and vibrations from the movements of vehicles and goods closer to home. We are then opposed to both points (No 3) and (No 7) paragraph 1 of your letter ref: ADC/0116/11.

Yours sincerely

Jan Hansen
