Dear Sir/madam I wish to comment on above proposal and explain why I do not think it advisable to proceed with permission -Mr Marcus Steele whom owns property I am the adjoining property -he has decided to have living accomodation upstairs and has worked very hard throughout the past year -working late into the evening 7days a week -which has been quite hard to live with getting no break from constant banging /drilling -he seems to have forgotten he's in a little semi detached with a shared driveway in Hillrise -he dug out back garden last may leaving a 20 ft drop from my garden and as of yet not made safe so I don't spend much time in my own garden - he also have an expelair fitted -facing onto my property and in summer my patio and lounge if my patio doors open-the glass in the apex roof facing no 52 was supposed to be obscure but is not !!!!! When I asked him about it he said it's my property I can do what I like!!! So basically -i have the kitchen noise in my lounge -up and down stairs in my dining room and feel having a balcony he will actually be on my head when I'm on my little patio-with absolutely no privacy in any part of my garden -so I would please at least think about these factors -my lovely bungalow seems to have become like I'm living in a ground floor flat -i hate complaining but enough of the take over of my home and life many thanks Juli greenfield 56 Hillrise avenue
