To whom it may concern.
I am objecting to plans for the above reference, 10 Park Lane, Southwick, BN42 4DL.
The plans still do not address the fact there is no planning permission for a driveway or that Albert Road is a conservation area. I still feel the residents should consider a driveway at the front of their property, that way Albert Road residents may find it easier to park and the gates will not change the look of the street.
The pavement is already being damaged by cars being driven over it daily. Allowing these gates will justify the hardstand being used without going through the proper channels of getting planning permission, or dropping the kerb and maintaining an actual driveway.

Regards
