PLANNING
PLAN NO. A-0607767
DATE 24 OCT 2008

IDENTIFICATION OF TREE AND DESCRIPTION OF WORKS

The tree (T1 on enclosed sketch plan) is difficult to identify with certainty as it is so overgrown with ivy, and most of its leaves have fallen. It is, however, believed to be a silver birch, which was probably planted in order to mask the telegraph pole.

The proposed works would involve clearing the ivy away from the tree, and reducing the crown by approximately 3 metres.

Reason for works

To trim to a balanced shape in order to promote more healthy growth.
