Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	The proposed siting of the development is particularly ill-considered for the following reasons: I believe there to be an important hedge as part of the local landscape that may be in jeopardy with regard this development. Access to the development could potentially cause damage to parked cars as this is a tiny road where cars are parked on both sides. This cul-de-sac is used regularly as a cut through by many school children going to and from school. There are many elderly residents and home workers in this area that would be disrupted by the noise. With all these points raised I would be grateful if you could reconsider this development. Yours faithfully, A. Smith
