WORTHING CONSULTATION RESPONSE

AWDM/0085/25 | WORTHING MUSEUM, CHAPEL ROAD, WORTHING BN11 1HP

Application for Listed Building Consent for photovoltaic panels to be installed on roof, removal of roof lantern, installation of cooling unit and access gantry on roof, new internal pipework and removal and replacement of radiator.

Thank you for requesting our comments in respect of the above application for Listed Building Consent. The Museum is a landmark Grade II Listed building located in the Civic Centre of Worthing and within the Chapel Road Conservation Area.

I have now had the opportunity to discuss the plans with our Heritage Team who, following a meeting with the Conservation Officer, appreciate that the removal of the lantern light, which is currently unused, would not cause any harm to the interior of the building. In addition, the photovoltaic panels would be positioned on later additions to the building, or where they would not be seen.

In summary and on that basis, we agreed no objection.

Yours sincerely
