Reasons for
comment:

Comments:

the reason for objection is based on the comment by the Highways Authority.
"Impact as on on street Parking....."

The area of on street parking in Ship Street is full every day. Apart from the 4 Town Houses and White Lion Court who have garages or a Carport residents in all remaining properties in Ship street do not have this facility and often find that they are unable to park adjacent or near their property.

Frequently cars park on the area in front of the garages of the Town Houses as the occupants "nip" to the shops!! Delivery lorries also park very regularly on the pavements in front of the garages.

This is totatally unacceptable .

The 3 new flats which have been completed have no parking and this further development will further add to the parking chaos in the street.

This development plus the conversion of 3 flats to the building is an overdevelopment of the site.

A year ago the sewer in front of St Johns Court collapsed and currently there is a further problem up the street with the sewer. To add further pressure to an existing collapsing sewer system can add only further problems.

Not sure where the entrance to the proposed building is but the allyway is frequently used to transport coffins to the Undertakers!!!
