Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	We fully support this application. The beech tree is close to our property and the trunk sways and creaks in wind. We are extremely concerned that the tree will break or fall, causing damage to our property and that the roots could undermine our property. Furthermore, the tree hinders light entering our property. We would not want to see any tree felled without good justification, but feel that in this case, the tree should be removed for reasons of safety and certainly, for our peace of mind.

Kind regards
