Address:	24 The Drive, Shoreham-by-sea, West Sussex BN43 5GD

Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	At the Lions FunDay in Buckingham Park in July 2022, Friends of Buckingham Park conducted a survey asking people what improvements they would like to see happen in the park. In July 2023 members of the public were then asked to choose their priorities based on the top 15 issues highlighted from the previous year. From 180 responses from members of the public, the

highest number voted for a proper café with inside and outside seating for all year round, closely followed by wanting decent and accessible toilet provision.

In April 2024 Friends of Buckingham Park circulated information about the planning application to those on their email circulation list (over 100 addresses) inviting people to comment on the application if they wished to do so. We received one email supporting the application in response.

We note that the Council is proposing a planning condition that alternative changing facilities should be provided for the clubs that currently use the existing changing rooms.

We understand the restrictions the Council face in terms of toilet provision in respect of cost, space, access, cleaning and vandalism issues. We also note the requirement for organisations to provide temporary toilet facilities at any large events.

We appreciate the opportunity the Council has given us to comment on the design and the impact on the natural habitat of the park.

Based on the above, the Committee of Friends of Buckingham Park support the application which is in line with one of our aims which is to improve the existing facilities in Buckingham Park.

from the
Committee of Friends of Buckingham Park

Kind regards
