Hi Rebekah,

Yes, go ahead and sign the condition off. We will make a note of this on our records.

Dear Michael,

Since your comments (26.9.25) on the details submitted in pursuance of the contamination condition for Notice/0013/24, we agreed part 1 of the condition but this was subject to a watching brief. The agent for the application has now confirmed that all works have been completed at Eagle House and no contamination found - are you happy for this to be discharged on the basis of the email thread below or is anything further required?

Kind regards,

Rebekah
