**Subject:** re Planning Application ADC/0269/09

Dear Mr Morgan

Re: Planning application ADC/0269/09

I would like to state my support for the above planning application, as the beach hut has proved very useful in the past to all the watersports (windsurfing, kitesurfing, surfing and kayakers) enthusiasts on Shoreham Beach.

I have personally been helped out by Jon when he used equipment (large paddle board and kayak) that he stores in the hut to rescue me and my equipment, I also know of other people that have been helped out and feel that the loss of this hut would be a blow to the watersports community, that is a large presence here on Shoreham Beach. Conditions can sometimes change very quickly on the south coast and having the knowledge that the hut is there is a 'peace of mind'.

Please do not hesitate to contact me further about this.

Regards

Alex Handover

For the attention of Keith Morgan,

I have recently noticed (during "getting to sleep" walks with my daughter!) a planning application for the beach hut on shoreham beach.

Whilst kitesurfing last year John did rescue me from this beach hut, and I know a similar rescue has also occurred with other persons on the beach.
I would therefore like this email to be taken and logged as one of support for this beach hut.

All around the coast the UK in my opinion comes up woefully short in its support of activities, leisure and sport that is pursued on our coastline. I have travelled extensively and can say with no hesitation that unless you are a sailor and have therefore access to lottery grant, deep pockets and expensive membership pots, that the amenities offered to beach users is a disgrace compared to other countries. For example in Australia, New Zealand, France etc. you can find an abundance of showers and beach clubs all offering the younger generations a way to actively enjoy their beaches.
I think a beach hut is the least that we should provide and good on John for funding it himself!

Thanks and best regards,

**Charlie**

**Subject:** RE: permission to continue the lease of the beach hut on Shoreham Beach by Mr J Ellman-Brown

Dear Mr Morgan,

I feel I must write a short email regarding the above subject, having heard that there are plans to end Jon's lease of the beach hut on grounds that it is no longer serving a purpose on the Beach.

I only met Jon this year having only started learning to kite surf, but he has already helped me on a number of occasions, for which I am very grateful. Without his presence on the beach I think I would have been put off kiting all together. I have only just moved to Shoreham beach, having lived previously in Hove, but found that it was the only beach that I felt safe on whilst learning this new sport, so found myself spending more and more time there, so eventually chose to move there.

Jon is always a friendly face on the beach, willing to help anyone even when not in a teaching capacity. On numerous occasions he has helped me launch and land my kite when I have been struggling. He has collected my board from way off the shoreline using his paddle board. Once he had to rescue myself and my kite, having been unable to re-launch the kite from the sea on my own.

Without the beach hut, and Jons presence on the beach I strongly feel that you will have more incidents reported. His experience and watchful eye has helped numerous people in my position.

Thank you for ycur time.

Mr Morgan

I understand from Mr Jon Ellman-Brown that there is a possibility that he may have to take down his Kitesurf Cabin. I would be very much against this. I feel that anyone moving to the beach should be more tolerant of other beach users.

Thank you

James Burt
