Subject: Server down on planning - not able to comment
To: <planning@adur-worthing.gov.uk>

Dear Planning Team,

Trying to comment online regards a planning application but I keep getting a server error message.

Trying to submit a comment to object to planning application Reference: AWDM/0758/25 - Address: 167 Brighton Road Worthing West Sussex

Can I submit an objection via an email instead ?

Julie Forbes - 161 Brighton Rd, Worthing, BN11 2EU
Neighbour, objecting specifically regards Highways & parking.

I do not object to the conversion of the property but to the plan to create a car park in the front garden.

I am concerned that this car park will create a significant public safety hazard, given the existing conditions and layout of the road.

Existing Dangers: The road is a busy "A road" that narrows at a pelican crossing. This area has a history of serious accidents, including a recent one where a car caught fire after hitting the traffic lights.

Poor Visibility: A high fence, about 6ft, will block drivers reversing out from seeing pedestrians on the crossing or traffic. Drivers will be on the main road before they have a clear view of people using the pelican crossing or traffic heading into town.

Unsafe Exit Maneuvers: there is no turning circle, people using the car park will have to reverse "blind" out of the car park onto a very busy road.

To go west, a driver would have to back into the path of pedestrians using the crossing and oncoming traffic.

To go east, the road layout would force the car to partially enter the westbound lane.

With 8 to 10 cars estimated per day, performing these dangerous maneuvers onto a busy road near a pedestrian crossing, it is only a matter of time before a serious accident occurs.

Regards

Julie Forbes
