Quotation QA298536-3

Ref: Penthouse Crescent Rd || Orbit Privacy screen - Silver Anodised

Dear Mr [Last Name],

Thank you for giving us the opportunity to provide you with a cost for your project.

As well as the obvious ‘wow’ factor, our products come with a 10-year guarantee on the handrail and bottom track finishes. And, for your peace of mind, our products have been designed and tested to meet British Standards and building regulations.

Price/s in the table below are for the supply only of our proprietary Hybrid® Glass Balustrade System, fabricated "ready to install". The price includes all the profiles, posts, brackets, rubber gaskets and system accessories. Fixings (i.e. screws/bolts for fixing to the wall/floor/structure) are not included. Glasses will be polished on the visible heights.

Some Balustrade runs may require vertical posts; these are made from a primary structural steel post that must be firmly secured to the balcony structure/building. The posts can be supplied with or without a plate depending on the required method of fixing. These will be, on final installation, covered by the system aluminium sheathing post and so be hidden. Corner posts are not required with our Hybrid® Balustrading systems. The handrails should be fixed back at each end to the walls or will require an end post. Balustrade runs are quoted at standard height and as horizontal runs only; i.e. not sloping, shaped or raked sections.

#	Description	Unit Price	Quantity	Total
1	Orbit System glass privacy screen system (using 66X75 posts and circular handrail)8.62m 1.80m height Colour finish: Silver Anodised Glass: 12mm Tough with 10% White Screen Print with BalcoNano® Self-Cleaning Coating both Sides (Privacy) Handrails require end posts at both ends.
