Dear Sirs,

Re felling of Bay tree No 6 Edinburgh Cottages

This tree was planted by my former neighbour nearly 30 years ago. Whereas I would normally be against the felling of any tree, in this instance it is causing problems by obstructing free passage in the alleyway & indeed it is far too close to our houses for comfort, being just a few feet away.

P.T.O

Warning, too, to know where it's poop are and how far they are spread. The tree is also attracting more & more pigeons, as well as obstructing light from our garden.

Yours faithfully
