The Ancient Monuments Society (AMS) is one of the National Amenity Societies and, as such, is a consultee on all Listed Building Consent applications involving an element of demolition as required by the *Arrangements for handling heritage applications – notification to Historic England and National Amenity Societies and the Secretary of State (England) Direction 2015*. The Society also takes an interest in planning applications affecting historic buildings in conservation areas and undesignated heritage. We concern ourselves with historic buildings of all types and ages.
