PROPOSED SIDE DORMER AND MINOR ALTERATIONS AT 12 NORMAN CRESCENT SHOREHAM FOR MR DAVIS.

SCALE 1:50 1:100 1:1250 1:500

Contractor to check all dimensions on site with any error/omission reported to the client. Heating, power points and electricity all to client's instructions.

All electrical work must be designed installed and tested by a competent person. A BS 7671 electrical installation certificate is to be issued on completion of the works for the work by the person competent to do so.

The proposal is to provide a pitched roof dormer to the existing side bedroom to improve the roof height. Replace the existing rear window to the same bedroom in a new higher position.

All work to match the existing. New dormer to have tiled elevations and pitched roof to match the existing. All work to the entire satisfaction of the Local Authority.
