Reasons for comment:	- Design - Privacy Light and Noise - Trees and Landscaping
Comments:	If this wall is lowered we will have more noise and disturbance from traffic and the factory opposite my house, the wall provides privacy to the housing estate. This will be an ideal area for workers to then jump over the wall as a cut through from the industrial estate. I work on the industrial estate myself and know this will happen. I do not wish to lose the current privacy I have in my house, and do not wish see people in their lorry's on breaks also. The current wall height is fine.

Kind regards
