We wish to place an objection to the single storey rear extension at 5 Links Road, Lancing, West Sussex BN15 9BY.

We are at the adjourning property No. 7.

We object on the grounds that with the loft extension has already taken place and our property will be swamped by the size of the property and it's lack of light to our premises.

Just putting a six foot fence up (previous neighbours), has decreased our light substantially and also making the living room much colder. The vegetation is growing at an uncontrollable rate due to its searching for light both out and up.

Yours truly

Beverley and Alan Atkinson [redacted]
