Comments Details

Commenter Type: Neighbour

Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:
- Highway Access and Parking
- Other
- Privacy Light and Noise

Comments: I want to make sure that there will still be access to the back of my garden and my neighbours garden from the roadside (currently an opening in the wall and we walk behind the garages) - Also interested if there will be any light added as the building as it may be darker when accessing the rear of the garden. I would also like clarification on the roadside parking at the end of the road where the build is going to happen as the owner of number 8 believes this is a turning point not a parking space. I look forward to your reply. Regards.
