Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity - Privacy Light and Noise
Comments:	Sadly continued attempts to convert a piece of green space into a commercial enterprise should not be supported. The beauty of this area is that visitors both local and those who have travelled into the area, can fully support their own leisure activities with the free parking and open access to the beach and surrounding green spaces. Two cafes already exist either side of this space along with ice-cream vendors and coffee van. Public

toilets are also provided by Council. The area lacks nothing to ensure visitors can enjoy their time in this natural green unspoiled space
