Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	We live next door to the property requesting retrospective permission to retain cladding used in a loft conversion. As the cladding is already in place I can say that we are happy with the design and look (we can see it from many angles of our house and garden). The conversion is well designed and looks smart, modern and clean and has been built with great care.

Kind regards
