**Attention: - Carlos Hone Planning Officer**

Dear Sirs,

**Re: - Extension at 393 Upper Shoreham Road Shoreham By Sea**
**ADC/0184/09**

I refer to your letter dated 25th May 2009 concerning the above; I enclosed 2 copies of a revised plan for your consideration.

The main aspects of this proposal react to all of your concerns and now include:-

- The depth of the extension reduced to 3.5m adjacent to the boundary.
- The flank parapet reduced to its lowest practicable height to construct the adequate weathering of the pitched roof valley gutter.

I can also confirm that the extension depth to the kitchen side has been increased slightly from previously submitted, but this should not cause any detriment to any of the neighbors.

Should you have any concerns or would like any revisions to the scheme do not hesitate to ask.
