Reasons for comment:	- Overdevelopment - Privacy Light and Noise
Comments:	Hello, In general, we're supportive of the development. Would be good to get clarification on the potential loss of natural light through our windows in our living spaces and privacy. The planning also suggests the removal of the fencing, it would be great to understand that more as we would like the fencing to remain on the boundary line. Gutters and water drainage will need to not hang on the boundary line as well, considering that there is space for the fencing to remain. Best, Chris
