[redacted]

Dear Sirs and Madams. Thank you for your correspondence regarding the changes to this application I confirm to the planning committee and its officers with regard to these changes, I find NO plausible reason to modify my objection to this application.

I base my objection on the premise of over development of the site and the loss of light and sunlight from this additional extensive development .

Please also refer to my original objection in its entirety dated 18th July 2016

Yours sincerely *Lionel Parsons*

Subject: Application Number AWDM1061/16 49 Boundstone Lane Sompting

Dear James, and Ms Eve Hearsey . I write to you in representation on behalf of one of my residents within my division.

Namely Mr and Mrs L. Saunders. 51, Boundstone Lane, Sompting,

I have visited the property and considered carefully the proposed planning application.

It is without doubt an application in excess of any reasonable development which will block out even more light to Mr and Mrs Saunders Sun lounge and lounge, recent extensions to this property have impacted on the level of light and privacy to Number 51 and this will further exacerbate the problem.

I THERFORE ASK THAT YOU PLACE ON RECORD THIS FIRM OBJECTION TO THIS APPLICATION AND RECOMMEND THAT THE APPLICATION IS

REFUSED ON THE GROUNDS OF OVER DEVELOPMENT AND THE SUBSEQUENT LOSS OF NATRAL LIGHT TO THE ADJOINING PROPERTY .

Please Note

In presenting this objection I make declaration that I regard the residents of 51 Boundstone Lane my friends , although I would respect this request and act in the same vain regardless to any assumed conflict of interest.

Yours sincerely *Lionel Parsons*

County Councillor for North Lancing and Sompting
