Hello Marie

In terms of the latest plans which have been submitted by number 50 Mill Lane, it is good to see that the side wall has been moved away from the boundary so that the rainwater gutter/eaves will no longer be extending over our property. I have noticed the floor plan has been revised showing this alteration, yet it is not dimensioned to show much the side wall is being sent in. Surely a dimension should be included to avoid any doubt?

Also should the Block plan be revised to show this, as well as the increased width of the rear extension ?

I look forward to hearing back from you in relation to my comments.

Kind regards

Lisa Mills
