Dear Hannah,

Please find enclosed a revised external materials schedule, which has been led by the HA who are taking over the development next March.

The changes are to the render and weatherboarding colours. They do not want white and white.

They have chosen a cream board to go with the red brick units and a beige board to go on the buff brick units,.

They would also like a grey mauve render instead of the white render.

Do you require samples? Or are you able to make a judgement from information available on the internet or in brochures. If you do require samples I can have them delivered to your office next week, to coincide with our site meeting.

I look forward to hearing from you.

Regards
