Commenter Type: Neighbour

Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:
- Highway Access and Parking
- Loss of General Amenity

Comments: Hope this does not mean loss of the bench or bus shelter. This bus stop and shelter is a very busy connection stop for the main Sompting bus routes. Also, will lose another parking space if access made to the east of the shelter. Already tight parking with mini bus depot operating from no.56. Buses already often unable to park properly at stop andare forced to stop in centre of road for passengers to alight. This area has become a nightmare for pedestrians crossing back and forth to the shops.
