Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	Continue to have concerns that this is an overdevelopment of this site particularly as this is an increase on the previous application and with the previous conversion of the garage into a dwelling which is clearly not occupied by a family member in accordance with the certificate provided. The application for the garage stated occupied by son this is not true. We are concerned that these existing rooms will also be let with the inherent additional traffic. There are already 4 cars and a van and rarely are these parked off road.
