Adur District Council

Dear Sir,

ADC/0269/09 Sussex Kite and Surf Centre

We supported the original application when kite surfing etc. started on the Beach. The space in the toilet block was to be used as a school, the surfers used Beach Green car park and entered the sea near the beach huts and a safety boat seemed an appropriate addition.

However the situation is now quite different. The school in the toilet block has gone together with the founding man. The surfers base themselves at Shingle Road and do not use any car parks. The boat has not been used for rescue and is in the wrong place.

We consider it is now wrong for a large hut to occupy the site which could be used for a beach hut and therefore oppose this application.

Yours faithfully,

[redacted]
