Planning Services Manager
Adur District Council
Civic Centre
Shoreham

Ref. ADC/0268/09
20 North Road. Lancing

Dear Sir
I am writing with a very strong objection to the above being changed to gambling/amusement arcade. How can the Council consider this application.

1. We do not need this type of business in the High Street
2. With the problems that we have in Lancing with children hanging around the shops, during the day and evening. This would only encourage more children and we feel cause more problems.
3. Gambling of any sort is something that we should not be promoting or encouraging.
4. Surely we are in need of retail outlets, espeically in this climate.
5. I am lead to believe that the company looking to take the premise are not in the most positive financial position. Do we want another premise closing and being boarded up, when I feel sure that there is retail businesses prepared to take this unit.

[redacted] take my and other objections on board.
