This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application seeks the installation of 0.7m high post and chain boundary treatment around garden fronting New Road. From inspection of the submitted plans, the proposed fence is not anticipated to obstruct vehicular/pedestrian visibility for those travelling along New Road or Arun Crescent.

In summary, the LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
