Comments:	The proposed location for leisure use is fundamentally going to increase not only the numbers of young people that can join in extra curricular activities but also provide a ell needed hub for a well used and respected club. This organisation provide a sense of belonging for a high number of young people in our town and county and utilising a space that is not dissimilar to their current shared and overcrowded home has a significant number of benefits. This organisation provide young people in the area with values that will enhance and develop their lives not only in the short term but in the future by creating a ethos of team work, drive and the want to succeed. Having their own base and identity would improve the sessions for the children involved and should be encouraged on every level, for not only innovative behaviour but as this organisation competes globally it is also an opportunity to put our home on the global map!
